Hi Gopi and Jinal,

I need the following books which would help me deep dive into the role related knowledge.

1. Hadoop: The Definitive Guide, 4th Edition – Tom White
2. Computer Systems: A Programmer's Perspective, 3/e – Randal E. Bryant
3. Clean Architecture: A Craftsman's Guide to Software Structure and Design – Robert C. Martin
4. Java Performance: In-Depth Advice for Tuning and Programming Java 8, 11, and Beyond – Scott Oaks

Please share your pre-approval via email.

Sincerely,
Arnab Bir
